Introduction:

Dr. Pascal Magne is an Associate Professor with Tenure and the Don and Sybil Harrington Foundation Chair of Esthetic Dentistry in the Division of Primary Oral Health Care, University of Southern California, School of Dentistry (USCSD), Los Angeles, CA.

Education

Dr. Magne graduated from the University of Geneva Dental School, Switzerland, in 1989 with a Med. Dent. Obtained his Doctorate in 1992 and his Ph.D. degree in 2002.

Employment:

He received postgraduate training in fixed prosthodontics and occlusion, operative dentistry and endodontics, and was a lecturer at the same university beginning in 1989 until 1997. From 1997-1999, he was a Visiting Associate Professor at the Minnesota Dental Research Center for Biomaterials and Biomechanics, University of Minnesota, School of Dentistry. After concluding two years of research, Dr. Magne returned to University of Geneva Dental School and assumed the position of Senior Lecturer in the Division of Fixed Prosthodontics and Occlusion until his departure for USCSD in February 2004.

Major Awards:

Dr. Magne is a recipient of multiple awards from the Swiss Science Foundation, the Swiss Foundation for Medical-Biological Grants, and was the recipient of the 2002 Young Investigator Award from the International Association for Dental Research.

Publications:

He is also the author of numerous clinical and research articles on esthetics and adhesive dentistry and is an internationally known lecturer on these topics. Furthermore, Dr. Magne authored the book <u>Bonded Porcelain Restorations in the Anterior Dentition - A Biomimetic Approach</u> which has been translated into eleven languages and is considered as one of the most outstanding books in the field of adhesive and esthetic dentistry.
